

## Our Puppy Placement Process

- We require all individuals who would like to be considered as a puppy owner fill out an online puppy application.
- We will review and carefully screen the applications for further acceptance.
- If we call you back, we would then require a visit to our home to meet our dogs and so that we may get to know one another a little better.
- If all goes well and you would like to pursue a puppy from us we will put you on our puppy wait list.
- We will keep you informed of the timing of our next litter. (When season begins, when the breeding occurs, at pregnancy confirmation and when the puppies are scheduled to be born). We begin accepting deposit checks once we confirm pregnancy.
- Once the puppies are born we will contact you to let you know if we have a puppy for you. If we do and you still want a puppy we will then cash your deposit check.
- Further information can be obtained from our website under "*Facts About Our Puppies*".
